Jamestown will oppose Bellbrook and Yellow Springs will do battle with Caesarcreek in the curtain raiser event Wednesday night, and the winners of these two set-tos will dispute with each other for the honors to go into the finals Friday night

on the same night. On Thursday night Bowersville will clash with Cedarville in the initial go and Beavercreek will cross swords with Port William in the second conflict, the winners meeting immediately afterward to decide which quintet is to meet the winner of the Wednesday night frays in the final on Friday. This will insure three games each for Wednesday and Thursday nights, and the county rivalry that exists is expected to result in some mighty good exhibitions of the court game.

The tournament will be run off on the elimination plan, and once defeated a team drops out of the running. Due to the bearing of the rezults of the meet on the annual county championship tournament at Antioch, much interest is attached to the local event, and the dopesters hope to get a line on the county champions this year, despite the fact that Central Hight present holders of the cup, will not appear in the local tournament.

It is hoped by Coach V. L. Faires who is fostering the tournament idea, to have two sections of teams in the meet, with county-seat teams of this section in the first class, but owing to the difficulty in handling all of the games without the installation of another court, the two section idea was dropped and excepting for Port William which is entered in the Thursday night games, the tournament will be an all-Greene county

# **Bad Sickness** Caused by **Acid-Stomach**

If people only realized the health-destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—of the liver it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—pains of indigestion; distressing, painful bloat; sour, gassy stomach; belching; food repeating, heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, billousness, cirrhoeis of the liver; sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets, quickly and surely relieve the pain, bloat, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthreizatic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

## NEIGHBORS

COMPLAINED

Mr. W. M. Fellers, who lived in Lima, Ohio. was compelled to move out of a flat because of his wife's ill health. The neighbors complained that they were annoyed and distressed by Mrs. Fellers' continued coughing. They believing her to have tuberculosis, asked the owner of the flat to have her move because of the danger to the other occupants.

Mrs. Fellers had taken cold which hung on and developed into serious bronchial trouble, she doctored but found no relief until she used Glando Pine. She says: "The first dose seemed to relieve me. Two bottles removed the cough entirely. I have gained in flesh and am just fine. My friends now tell me they never expected to see me out again."

To prevent a cough from developing into pneumonia, bronchitis or con-sumption use Glando Pine the same cough medicine Mrs. Fellers used 3 oz. (50 cents worth) of Glando Pine mixed with any good syrup or honey will make one pint or 128 tea-spoon's full of excellent cough medicine. Every family should keep this valuable cough medicine on hands to use at the first indication of a cough or cold. May be given to very young children. They love to take it.

The amount of freight carried on American rails doubled from 1897 to 1905—since that year it has doubled again.

It will double still again.

To haul this rapidly growing traffic the country must have more railroads - more cars and engines - more tracks and terminals.

Jamestown will oppose Bellbrook and Yellow Springs will do battle Caesarcreek in the curtain raiser event Wednesday night, and the winners of these two set-tos will dispute with each other for the hon-ors to go into the finals Friday night on the same night.

On Thursday night Bowersville will clash with Cedarville in the initial go and Beavercreek will cross swords with Port William in the second conflict, the winners meeting immediately afterward to decide which quintet is to meet the winner of the Wednesday night frays in the final on Friday. This will insure three games each for Wednesday and Thursday nights, and the county rivalry that exists is expected to result in some mighty good exhibitions of the court game,

The tournament will be run off on the elimination plan, and once defeated a team drops out of the running. Due to the bearing of the rezults of the meet on the annual county championship tournament at Antioch, much interest is attached to the local event, and the dopesters hope to get a line on the county champions this year, despite the fact that Central Hight present holders of the cup, will not appear in the lo-

cal tournament. It is hoped by Coach V. L. Faires who is fostering the tournament idea, to have two sections of teams in the meet, with county-seat teams of this section in the first class, but owing to the difficulty in handling all of the games without the installation of another court, the two section idea was dropped and excepting for Port William which is entered in the Thursday night games, the tournament will be an all-Greene county

If people only realized the health-destroying power of an acid-stomach—of the many kinds of sickness and misery it causes—of the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—pains of indigestion; distressing, painful bloat; sour, gassy stomach; belching; food repeating, heartburn, etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, auto-intoxication, impairment of the entire nervous system, headache, billousness, cirrhosis of the liver; sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if it isn't acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloat, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvelously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief.

So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

COMPLAINED

Mr. W. M. Fellers, who lived in Lima, Ohio, was compelled to move out of a flat because of his wife's ill health. The neighbors complained that they were annoyed and distressed by Mrs. Fellers' continued coughing. They believing her to have tuberculosis, asked the owner of the flat to have her move because of the danger to the oth-

er occupants. Mrs. Fellers had taken cold which hung on and developed into serious bronchial trouble, she doctored but found no relief until she used Glando Pine. She says: "The first dose seemed to relieve me. Two bottles removed the cough entirely. I have gained in flesh and am just fine. My friends now tell me they never expected to

see me out again." To prevent a cough from developing into pneumonia, bronchitis or consumption use Glando Pine the same cough medicine Mrs. Fellers used 3 oz. (50 cents worth) of Glando Pine mixed with any good syrup or honey will make one pint or 128 tea-spoon's full of excellent cough medicine. Every family should keep this valuable cough medicine on hands to use at the first indication of a cough or cold. May be given to very young children. They

## YOU AND YOUR CHANCE.

There is something the matter with the man who says that he hasn't a chance. There may not be food enough or money enough to go round, but there are always chances a-plenty, waiting for somebody to step up and claim them. It is necessary to have the wit to see and to seize them. The man who knows his chance when he meets it, or it meets him, is the man who presently has others working for him, and still others saying amazedly, "Why, I knew him when"-Of course, he had no business to get so far ahead of the boyhood familiars, but he made a business where he had none, and where there seemed to be none till he came along.

Are you looking for something new, which will give you a better chance? Well, there is something new every day, for those who have the eyes to see it. But some wiseacre says that this is the age of the young and that the seniors have no chance. CAN 100 WIST WILL who have the eyes to see it. But some wiseacre says that this All bosh. Be as old in the features as you like, but do not confuse the features with the face. The features are of the body; **ENTERTAIN AT G. OF C** the face is of the soul. The eyes that are the windows where the soul sits can keep young forever. No eyes can be so merry as the eyes of people old in years who have kept the faith and done their duty by helping to keep the world's good cheer alive.

And a man may be old in the limbs, but it is the spirit of him that tells the truth as to his age.

It was only yesterday that we were reading about a remark- regular noon luncheon of the Chamable old man and his venerable wife. A half century ago Min-ber c. Commerce Wednesday.

Mr. Marshall is well know nesota was a pioneer state, with vast undeveloped resources. Children are naturally hero-worshipers, and the sight of men and women who have achieved success is an inspiration to

The child should see the president, the governor, the college up the campaign in that district. A presidents, the artists, the writers and other strong men and women who represent achievement. Hearing of them alone is not apt to impress them like sight.

It is not necessary to go hero hunting, running after great people to bore them; but if the particular man has come up from the people, has fought his own way to the front, it is apt to impress the child with his own chances.

Lincoln declared that he was encouraged after he had seen a number of men of national repute; that they were not so wonderful after all. If this impression is made on children, they should be led to clearly understand that these men who seem to differ little from others, have been harder workers than their neighbors. Let the child know that if he will have a purpose and work hard, the way is open to him also.

If the sight of a man who has risen to power among men by talent and by righteous means stirs the child's ambitions to do something and be something more than his commonplace neighbors, who may lack ambition, the efforts of the parents to show them such a personality will be justified and rewarded.

# The Best Time of the Year

Now is the time to have your car gone over and put in shape for the coming season, as you know when Spring opens up you will put it to work and you will want it working.

Have your Motor, Transmission and Rear System gone over and put in good shape, tires, top, curtains and every part of your car; add a few Accessories and you will be

driving a new car at a very small cost. In the Winter months we can give you better service at less expense for several reasons which we will explain to you when you bring your car in; or we will be pleased to have you come in and let us figure on the probable cost of

the work that you will want done. We are new prepared to give you better service than ever before. We will save you money if you will place your order now for tires, oils and accessories which you can have delivered in the spring. Prices on orders taken now holds good for delivery in spring.

Either call us by phone or we will have our salesman call on you.

On Fordson Tractors and Implements, place your order now and protect yourself against any advance in price.

THE TEST

By GEORGE ELMER COBB

(Copyright, 1920, Western Newspaper Union)

contentment that came from patience and sacrifice! When Arnold Gresham looked back at the fevered career of speculation and risk which had aged him ten years and realized the burden that had well nigh crushed him, he shuddered. He had barely escaped from bankruptcy. At the very verge of losing money entrusted to him by confiding clients, a sudden rise in wheat had enabled him to just clear his trades. In the frenzy of dread and horror preceding that criminal moment he had registered a solemn vew never to tempt the grain market again.

It was Marjorie, his motherless daughter, who had stood nobly, sympathetically by him during the collapse following his narrow graze of disaster. A second mother to the two little ones of the family, a model housekeeper, she had proven her worthiness and practicability in a signal

"I feel like a man who has barely escaped the jaws of a devouring monster," said Mr. Gresham. "If I had lost all that money for my friends I would never have lifted my head

"Oh, papa! then never tempt fortune again. As it is, everything is gone for us except the few thousands you have in the bank. Let us be wise and go away from the expensive, unnatural life we have led to some quiet, pretty town, where you could buy out a little business and where we could get a modest, comfortable home where the children could roam at will amid fresh air and sweet flowers. How happy we

It was a little Eden of a place that they finally secured.

"Oh, sister! look! look!" little Edna some bushes in the garden, and Marone of two men bearing between them Order of Oaks and that games for a limp figure. She recognized the two big stakes were the rule there. men as workers in a quarry just beyond the town, and with startled concern her glance swept the colorless face of their human burden.

"Is your father at home, Miss Gresham?" questioned one of the men.

"No, he has gone for a stroll," replied Marjorie. "What is it? Will I

"Why, we found this young man lying in the road near one of the pits," explained the quarryman. "See, his button hole of his vest torn out. A lot for the purpose of allowing free rein this preparation now, because no one of thieving tramps have been camping near the pits and have attacked and robbed him. His purse and watch are gone and the side of his head is battered and bleeding. We can't carry

The purpose of allowing free remains this preparation low, because how the purpose of allowing free remains the purpose of all tered and bleeding. We can't carry

vised that he be attended to it his temportant part it played in the war

The victim of footpads lay in a lethargy all the rest of that day. All that Mr. Gresham found about his person was a bulky envelope, which he examine. Immediately after inspecting it he left the house in dreds of experiments before he not an excited, abstracted manner. Mar- rected the incandescent electric light

house which Arthur Blake had made in detail, and was bound for the city when assailed. Marjorie comprehended that the information was of the greatest value as giving erop prospects and probable rises and falls in prices. Who like her experienced old father could appreciate and utilize this knowledge? His emotion was ex-

The patient grew better that evening, but Mr. Gresham did not return until late. Marjorie's spirits fell as she awoke the next morning to find him gone and the envelope with him. Her worst fears were confirmed. Equipped with precious exclusive information. he could turn hundreds into thousands on the exchange in a single hour,

## HOLD MOTHERS' MEET

The next convention of the Ohio Mothers' and the Parent Teachers' Association, will take place in Dayton October 14 and 15, 1920, it was decided Monday at a meeting of the state officers which was held at the Dayton Womans' Club. Further details will be announced Tuesday afternoon when Mrs. S. M. Williams of Lima, president of the Ohio Congress of Mothers' will speak at Community Hall, on the work of the association including Americanization, Child Welfare and other topics.

Do not disregard coughs and colds. They are dangerous in themselves, but far more dangerous in the weakening of the system, so that the victim is easy prey for influenza, pneumonia and consumption. Rubber Preservative,

A preparation that may be used for preserving rubber may be made by getting a saturated solution of turpentine in denatured alcohol. The point of saturation is known by a drop of undissolved turpentine remaining in the alcohol. A little more alcohol is added to dissolve this drop and the solution is saturated. Rubber articles should be occasionally painted or swabbed with this solution.

Rubber Preservative. A preparation that may be used for preserving rubber may be made by getting a saturated solution of turpentine in denatured alcohol. The point of saturation is known by a drop of undissolved turpentine remaining in the alcohol. A little more alcohol is added to dissolve this drop and the solution is saturated. Rubber articles should be occasionally painted or swabbed with this selu-

# TAKE PEPSINGO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart its a sharp or acute pain, sometimes a dull heavy pain leaving a soreness, its gas on the inside generated through gaseous foods or because of systematic inability to properly assimilate the food this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications of indigestion which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist-he sells and recommends Pepsinco.
